Program and Faculty Details

Public Speaking

Public Speaking is an essential life skill. This program aims to create a platform for children to become eloquent speakers. Through this program, children will be introduced to an array of exercises and activities that will boost their confidence and help them master the art of Public Speaking.

SONAM JOHAR
Faculty

With excellent verbal and written communication skills, Sonam has taught and mentored young kids and uses child psychology to teach her lessons. Through her public speaking lessons, she wants to help students overcome stage fright, nervousness, build their self-confidence, and the ability to speak in front of others. Her sessions are engaging and focus on experiential learning.

Creative Writing

Creative writing gives way to open thinking, develops fresh thoughts, broadens the perspective, and hence stimulates the imagination. The program spans sessions distributed among Poem, Prose and Blog, Persuasive Situational Writing. This program aims at developing the English Language skills complementing it with games and reviews, creating a fun-loving environment.

APARNA SHARMA
Faculty

Aparna Sharma aims to provide high-quality academic support to children in their formative years by arousing their curiosity and enhancing their learning process. She inculcates teaching methodologies that are influenced by her own creative thoughts and ideas, as well as advice procured from experts in the field.

Dance

Dance is a form of art that enriches both the body and mind. This program aims to create a platform for children to explore the world of Contemporary, Bollywood, and Hip Hop dance styles through groovy dance routines which will enrich their love for this art form through a multifaceted dance experience.

VINAYAK KAMATH
Faculty

Vinayak Kamath is a skillful dancer and has procured hip hop lessons from the prestigious Urban Dance Camp, Germany. He has over 12 years of experience in the field of dance and specializes in various dance styles, such as Bollywood Jazz, Hip Hop, Contemporary, Afro Jazz, Theatre Jazz, and Disco, amongst many others.

Art and Craft

This program aims to create a platform for children to explore the world of art like never before. Children will learn to blend art with craft through various mediums of artistic styles. Each session will comprise a theme of its own where children will be taught to experiment with art and craft to create their own artwork.

SHILPY SINHA
Faculty

Shilpy Sinha is an artist with more than six years of experience. She has a knack for details and creativity and has completely immersed herself in various genres of art. She aims to develop and nurture children by imparting skill-based knowledge, which will enable them to be competent artists. Her sessions are interactive with fun-based learning where she pays personal attention to all her students.

SANGEETA SIDHU
Faculty

Sangeeta Sidhu is a zealous Teacher with an Undergraduate degree in B.ed. Coming from an army background she has been a part of the teaching community for the last 14 years in various schools spread all across India. She firmly believes in utilizing her teaching skill set, to impart and illuminate knowledge to children of all ages.

Getting Ready for School

The course is designed to prepare students and equip them with the requirements for their junior school. It includes standards-based activities in reading, writing, and mathematics. The course intends to teach the basics of alphabets and numbers, work on handwriting and learn a few new things.

JAGANNATH GOVIND
Faculty

Jagannathan Govind is a FIDE rated player across Classical, Rapid & Blitz formats having played over across India with a 100 wins in these formats. He is a full time online Chess coach with about 8 years' experience. He is the editor of the soon to release colour edition of the bestselling The Chess Course book. Previously he has worked over 20 years on the media marketing side with The Hindu Group, Times of India etc.

Chess

Chess is a two-player strategic board game, that requires a set of skillful techniques to master the art of the game. TThis program is specifically designed for young minds to nurture their skills and improve their thinking ability. This program will not only help children to compete in professional-level tournaments but will also enable them to concentrate more on their academic lives and improve their grades.
